MARKETING INTERNSHIP - 2016

There were a few defining themes of working at Sandler that I find invaluable still to this day. The people and the culture that was created within the marketing team held an energy of inspiration and open doors, where even as an intern I felt I could contribute meaning and ideas as an equal member of the team. Within my role, I was given enough structure and guidance to execute projects, but was also given enough freedom to be creative and to find new innovative ways to tell the Sandler® story.

While at Sandler, I had the opportunity to grow my marketing skills across multiple mediums such as social media, email marketing, publications, online content, and more.

The experience also helped me develop a fundamental understanding of sales and sales methodology that helped me later in my career. I'd recommend this internship to anyone, and especially for any communications students looking to apply their marketing and design coursework in a real world setting.

“Enough freedom to be creative.”

MARKETING INTERNSHIP - 2017

I want to express my deepest gratitude for Sandler's internship opportunity. It was an exciting opportunity for professional growth and provided me with skills that I could take anywhere.

The team I worked with was instrumental in helping me expand my customer service skills as I continued my education and prepared for a position in the medical field.

“wonderful
internship experience.”

SUMMER INTERNSHIP - 2018

SandlerPride

Working at Sandler was an invaluable experience. Sandler is a company comprised of people who care for one another and take pride in the work they do.

As an intern at Sandler, I was able to work in many departments within the home office. This allowed me to constantly complete meaningful work and help achieve the goals set out by Sandler.

I left Sandler with a better understanding of the business world, mentors and connections that will last a lifetime, and an inner motivation to continue to grow and better myself.

“I left Sandler with an inner motivation to continue to grow and better myself.”

David Mattson

CEO/PRESIDENT, Sandler Training

Dave is a product of the product—being an introvert, he wasn't a "born salesperson" but by applying Sandler to both his business and personal life, he's been a highly sought after speaker, best-selling author and President/CEO of the largest training organization in the world.

In his spare time he fly fishes and plays practical jokes at home and in the office.

“Don't just say you want to.
Figure out how you're going to become
what you say you want to become.”

#SandlerMission

Sandler is about **change**,
continuous **movement**,
and constant **growth**.

We are **restless**,
seeking the exchange of **ideas**,
and the mastery of **knowledge**
in a constantly **evolving**
kaleidoscope of **progress**.

Your future is waiting.
